DXpedition News

Andamans - VU VU4APR and VU4NRO will wrap up their extended stay on Mar. 31; work them now! They have been on 20 CW occasionally, but often very weak, especially 'NRO. Bernhard VU2BMS sends the following operating schedule for VU4APR:

SSB	3695	0000-0130Z	CW	3505	0030-0100Z
	7088	0130-0200		7003	0100-0200
	14200	0200-0900			1200-1300
		1100-1700		14020	0200-0300
	21200	0900-1100			1300-1500
	28500	0700-0800		21020	0700-0800
				28040	0700-0800

VU2JOS operating VU4APR/JOS on 40 CW from Port Blair, Andamans. VU2BMS photo.

Desecheo - KP5 Bob Sicilia NP4TB is heading for this Caribbean island April 17-19, mostly SSB on 20 and 15 meters. He'll be packing a Yaesu FT-757 and Butternut HF6V vertical. He doesn't like tailenders, and will take partial calls (last two letters.) And you'll also find him in the W7PHO net. QSL home call; donations are requested.

Senegal - 6W The TU4A gang and DK7PE are both moving to Senegal this week, concentrating on the low bands, including 160 meters.

Tromelin - FR/T The ARRL DX Bulletin reports that Yoland FR5AI and FR5ZU will operate from Tromelin for about one month, starting soon. FR5ZU will move on to Europa FR/E after the FR/T stint. See Issues 365 and 374 for more information.

Kenya - 5Z Lloyd and Iris Colvin will wrap up their 1987 Yasme operation as **5Z4KG** right about now. They'll show their slides in Visalia in April.

Christmas - T32 Joe KH6GDR is /T32 for the foreseeable future. He gets off work about 0200Z, and often operates for the next couple of hours around 14178 kHz.

St. Pierre - FP Ralph Hirsch K1RH says he will be leaving a complete antenna system in FP-land at the end of his mid-June operation. A tribander, Butternut low-band vertical, and a G5RV will be available to future visiting hams, as well as power supplies, rotors, etc.

3G87PAX will operate from Chile April 1-19, to commemorate the Pope's visit. 3745, 7085, 14185, 21180, and 28495 on SSB, and 5 up on CW are the announced frequencies. QSL Box 72, Valparaíso, Chile. This is the first use of the 3G8 prefix.

Sierra Leone - 9L DJ6QT says he'll operate from here starting April 1, including RTTY.

Shortly Noted

- **5AØA**'s much-improved signal can be found on 7005 at 05-0700Z, and 14005-015 at 15-1800Z. QSL without callsigns to SP6BZ.
- JR1AIB will operate **HSØB** in WPX SSB. JA3JYX (ex-XW8HP) often operates HSØB.
- **4MØARV** was not the first use of the 4MØ prefix; 4MØLM in Nov 71 was from Los Monjes.
- **5H3ZR** likes 14001 20-2100Z.
- **BYØAA** in Zone 23 haunts 14024 0030-0130Z almost daily. Not strong.
- **OY7ML** Martin often works 20 CW after 1300Z. [Love that suffix. -ed.]
- **TL8JM** and **TL8NW** are the calls of Tom Gregory N4NW/9Q5NW. QSL info in Issue 371.

Thanks N4XX and KH6BZF.

Propagation Watch

Solar flux is running a little above dead bottom, and the absorption has been quite low, which produces good band conditions on 80-20. A minor storm disrupted the ARRL SSB test, and Region 4778 that caused the problem is due around again in early April. But few spots have been surviving a complete solar revolution, so we might not suffer bad conditions this time.

Seasonal static increases are cutting into low band DXing, after an incredible winter season. However, there is still plenty of DX on 160 and 80 meters, so don't give up on the low bands yet!

Islands On The Air

- **TR0A** or TR0B from Banier Island (AF-43) now until April 7, with three operators on all bands, SSB and CW.
- **KT4A** May 15-18 from Tangier Island (NA-83). CW up 07 and 37 kHz from the bottom, SSB 3937 and up 237.
- **HR6A** in ARRL test was on Utila in the Bahias (NA-57).
- **FV7NDX** on St. Marcouf (EU-81) has been postponed until June 12-14.
- **I4ALU/IP1** from Palmaria Island (EU-83) April 18-20, CW only. He'll be /IF9 in the Egadi group August 8-22.
- **JA4KLL** on Oki Island (AS-41) now.
- **V31JQ** on Ambergis Key (NA-73) for WPX, by WB8YUC.
- **JR6RAY** Ray on Ishigaki Island (AS-24) is active on 14180 from 2300Z for IOTA hunters.
- **VE7GFA** on Saltspring Is. (NA-75) is active on 40 CW.

[The latest Islands On The Air directory and reference list is available from The DX Bulletin for US$3, postpaid. The summer island-hopping season is fast approaching; why don't you plan to activate an IOTA island this summer? -ed.]

Low Band News

- **FT8ZA** Jean-Claude is on 80 CW with W6RJ at 1600Z, and then on 7022 at 1630Z. He runs 120 watts to an inverted V; an amplifier is on the way.
- **KC6CS** made 2070 QSOs last month, including 100 on 160, and 80 on RTTY.
- **OX3KD** will have new low-band antennas up soon, including 160 meters. Write for skeds to Box 1002, 3900 Nuuk, Greenland.

Notes From Here and There

- **VK9LGE** was really Rudi VK9LM dit dit. [A little fast on that dit dit, Rudi. -ed.] QSL OE1ZL, and make out the card to VK9LM.
- **VP2MU** from The Last Resort made 7700 QSOs M/S in the ARRL SSB test, ops: AA4GA, AA4NC, and WB6SHD.
- Chuckle of the week: A list-taker asked **4MØARV** if he wanted help with a list; Carl Henson WB4ZNH was the operator at the time on Aves!
- Club station **C21NI** peppered the CW bands earlier this month. QSL to JE3LWB.

Comments from readers: "Too busy to apply for Golden Jubilee Honor Roll. Got my 100 countries at 0938Z on Jan 4. Super conditions Jan. 1st." -HB9AAA. "I pursued two goals while working for the DXCC Golden Jubilee; one was to work as much as possible on 80 CW, and the second was to complete it before the ARRL CW DX contest. By 14 Feb I had 100 all CW, 100wts. I continued to keep track of 80 CW QSOs for 1987, and by Mar. 1 I had 100, including FW KX6 LU/Z S7 TA VK9 ZD8 3B8 5T, all with 100 watts!" -K1NTR. "This award without necessity of QSL confirmation certainly created DX interest. Despite poor conditions and not the most ideal DX station, I worked 22 new countries since the first of the year." -WA2ICE.

And from regular The DX Bulletin reporter Doc KD7SO: " Chod, your comment in the last isue did it! I went to bed the other night, but couldn't sleep wondering how many countries I had worked in '87. So I got up and went to the shack and counted up 83. I figured I might as well go for the other 17. Got #100 March 15, and you can add me to the list." -KD7SO.

QSL INFO

QSL Help Wanted

- **XW8CO** was Bill Darden, also HS1ALE. Anyone know how to reach BIll for a card for a 1975 QSO?
- Home calls of **5A1LT** and **5A2TQ** were W6FZW and K5YCB respectively. Anyone know the whereabouts of these two hams?

QSL Help Offered

- **XE2GBD** is now via N6EK.
- **VP2MU** ARRL SSB Mar. '87 via N4IZE.
- **FR/G/FH4EC** QSLs from Mayotte Is., although he asked for cards via FR5DO. Cards sent to Reunion are coming back with Mayotte stamps.
- The **OHØMD/OJØ** Market Reef cards from the operation last July are now out.
- **YJØKMS** in January was apparently Pacific Slim. Resident Vanuatu hams have YJ8 calls, and visitors are supposed to get YJØA-- calls.
- WN5K (ex-KA5RGE), QSL manager for **VP5DG, V44KA,** and **J88BK** has a new address: Paul Perck, 41067 Highway 931, Gonzales LA 70737.
- QSL experts SM5DQC and SM5CAK provide the following invaluable assistance to TDXB readers: **ZD5M** via JAØCUV; **ZS7L** via G3XYP; **YJ8BW** via W4UG (for QSOs after May '67); **KC6JC** via W2GC; **HL9OS** via N4GNR; **FR7ZC** via W2MZV; **3B8DO** via VK6YM.
- and **3A2AF** in Oct. '85 was apparently a Slim; F9RM has returned a card request saying he is not the manager, and that call was isued to Bill Orr W6SAI and hasn't been reissued.

St. Barthelemy Then and Now

WAS: FG5AU FG5CB FG5BU FG5EB FG5EK FG5BW
now: FJ5CB FJ5AB FJ5BC FJ5CD FJ5AD FJ5AH
and TK5BL is now FJ5BL, and FG5BQ is now FJ5CQ. Thanks K2IBW.

Letters From Readers

Dear TDXB:

Why don't DXpeditions pick alternate frequencies, such as 14010, 14202, 14030, rather than always hang around 14025 kHz. With two or three DXpeditions going at once, the local Caribbean stations drown out the weaker Indian Ocean stations. Spread it around!

-Bayard W3NB

New Address for WAC-YL

Leanna Shaberly KB8RT, who handles the YL Worked All Continents Award, has a new address: 2635 West Sunrise Drive, Phoenix AZ 85041. She can provide award details for an SASE.
